### **11. Consideration of an Ordinance approving a Conditional Use Permit for 109 E. First Street for the construction of an electronic message center.**

City Manager Dillner presented information regarding Ordinance No. 3301 pertaining to a Conditional Use Permit for an electronic message center at 109 E. First Street. Staff recommends approval of the Conditional Use Permit with the following conditions being met:

1. The Sign be less than the maximum gross square footage surface area, which is sixty-four square feet per side, for off-site advertising signage in the "P, Public Use District" as provided in Table 27-2 of the Zoning Regulations.
2. The Sign must comply with required local setbacks for signs within the Public Use District, as provided in Section 27-604(c), which states that required setbacks are "thirty feet from the center of the right-of-way, except that no signs shall be located in the right-of-way, and except that advertising signs shall maintain the same setback that is required for principal structures."
3. The sign must comply with required state setbacks for signs located adjacent to state highway right-of-way. The City will require documentation from the Kansas Department of Transportation that this requirement is met to the satisfaction of KDOT prior to issuance of the Permit.
4. The Sign must comply with Section 27-401(h) of the Zoning Regulations with respect to metal and illuminated signs that have internal wiring or attached electrically-wired accessory fixtures. The sign must maintain a free clearance to grade of nine feet. No metal signs shall be located within eight feet vertically and four feet horizontally of electric wires or conductors in free air carrying more than forty-eight volts, whether or not such wires or conductors are insulated or otherwise protected, and all such signs shall conform with the City's adopted Electric Code (2002 National Electric Code).
5. Only one electronic message center will be allowed on the subject property.
6. The Sign shall only display static, non-animated messages and images. Videos or other dynamic images or messages are not permitted.
7. The message on the Sign shall change no less than fifteen seconds.

8. A dimming device or means of glare reduction must be installed and implemented after sundown.

Motion by Commissioner Weishaar, seconded by Commissioner Shafer to adopt Ordinance No. 3301 **AN ORDINANCE APPROVING A CONDITIONAL USE PERMIT FOR 109 E. FIRST STREET FOR THE CONSTRUCTION OF AN ELECTRONIC MESSAGE CENTER.** Motion carried unanimously 3-0.

**12. Consideration of a Resolution approving a Master Agreement Work Order No. 1-16 with Olsson Associates concerning Drainage Improvements near Faith Avenue.**

City Manager Dillner present information regarding Resolution No. 061316-1 approving Master Agreement No. 1-16 with Olsson Associates in the amount of \$24,500 for drainage improvements near Faith Avenue.

Motion by Commissioner Weishaar, seconded by Commissioner Shafer to approve Resolution No. 061316-1 **A RESOLUTION APPROVING MASTER AGREEMENT WORK ORDER NO. 1-16 WITH OLSSON ASSOCIATES CONCERNING DRAINAGE IMPROVEMENTS NEAR FAITH AVENUE.** Motion carried unanimously 3-0.

**13. Consideration of a Resolution for use of undesignated General Fund reserve balance for Chisholm Trail celebration activities.**

City Manager Dillner presented information regarding Resolution No. 061316-2 authorizing the use of undesignated general fund reserve balance for Chisholm Trail Celebration Activities with the following findings:

1. The governing body hereby finds that the Chisholm Trail 150<sup>th</sup> Celebration and related events and activities is a one-time expenditure which does not substantially increase recurring operating costs, and that the allocation of a portion of undesignated General Fund balance is necessary for the success of the event. The governing body further finds that the General Fund will remain in compliance with all applicable polices governing the General Fund fund balance.
2. The governing body hereby appropriates \$15,000 from the General Fund undesignated fund balance to fund the Services to assist in the planning and coordination of the Sesquicentennial Celebration of the Historic Chisholm Trail and related events.

Motion by Commissioner Weishaar, seconded by Commissioner Shafer to approve Resolution No. 061316-2 **A RESOLUTION AUTHORIZING USE OF UNDESIGNATED GENERAL FUND RESERVE BALANCE FOR CHISHOLM TRAIL CELEBRATION ACTIVITIES.** Motion carried unanimously 3-0.

**14. Consideration of a motion approving a bid of \$14,937.80 from T & M Concrete for annual concrete maintenance.**

City Manager Dillner presented information on bids received for annual concrete maintenance. Bids were received from Lancaster Construction of Salina in the amount of \$17,993.96, Vogts-Parga of Newton in the amount of \$34,056.00 and T & M Concrete Construction in the amount of \$15,997.30. A deduction will be applied for the City Street Department doing the demolition of existing pavement at one of the larger sites, with that deduction the low bid will be from T & M Concrete Construction in the amount of \$14,937.80. \$15,000 was budgeted for this project.

Motion by Commissioner Weishaar, seconded by Commissioner Shafer to accept the low bid from T & M Concrete Construction in the amount of \$14,937.80 for annual concrete maintenance. Motion carried unanimously 3-0.

**15. Consideration of a motion approving Lease Purchase Agreements for two 2016 Bobcat Skid Steer Loaders and a 2016 Bobcat Excavator from Bennington State Bank.**

City Manager Dillner presented information on Lease Purchase Agreements with Bennington State Bank for two 2016 Bobcat Skid Steer Loaders and a 2016 Bobcat Excavator.

The Lease Purchase Agreements are as follows:

2016 Bobcat Model S570 T4 Skid Steer Loader Serial Number ALM416094 in the amount of \$35,642.67 with an interest rate of 4.55% per annum for a term of one year, \$1,300 to be paid upon execution of the agreement.

2016 Bobcat Model S570 T4 Skid Steer Loader Serial Number ALM416095 in the amount of \$33,833.19 with an interest rate of 4.55% per annum for a term of one year, \$1,300 to be paid upon execution of the agreement.

2016 Bobcat Model E35 Compact Excavator Serial Number AR1K12721 in the amount of \$42,341.00 with an interest rate of 4.55% per annum for a term of one year, \$895.00 to be paid upon execution of the agreement.

Motion by Commissioner Weishaar, seconded by Commissioner Shafer to approve the Lease Purchase Agreements for two 2016 Bobcat Steer Loaders and a 2016 Bobcat Excavator and authorize the City Manager to sign the agreements. Motion carried unanimously 3-0.

**16. Consideration of a motion to approve the resignation of Commissioner John Ray.**

City Manager Dillner announced Commissioner John Ray resigned as City Commissioner for personal reasons. The Commission has 60 days to fill the vacancy. The Mayor may appoint someone to fill the vacancy.

Mayor Marshall said she wants to put some thought into the appointment.

City Attorney Martin said the new election law states that if the Governing Body does not appoint someone a resolution must be passed for a special election and that must occur within 45 days.

Commissioner Weishaar stated he would like to go to the results from the last election and appoint the person who received the next highest votes. We need to get someone appointed because we are going into budget time.

Motion by Commissioner Weishaar, seconded by Commissioner Shafer to accept the resignation of Commissioner John Ray. Motion carried unanimously 3-0.

MEMORIAL HEALTH SYSTEM  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
Years ended December 31, 2015 and 2014

Our discussion and analysis of the financial performance of Memorial Health System provides a narrative overview of the Health System's financial activities for the years ended December 31, 2015 and 2014. Please read this analysis in conjunction with the accompanying basic financial statements.

In 2015, the Health System adopted Governmental Accounting Standards Board (GASB) Statement No. 68, "Accounting and Financial Reporting for Pensions," which revised accounting and reporting standards related to pension plans and multi-employer pension plans. The 2015 and 2014 comparative financial statements have been adjusted to apply this standard retrospectively. An adjustment of \$10,869,087 applicable to 2013 and prior years has been included in the restated 2014 beginning net position balance of the Health System to recognize the Health System's proportionate share of the defined benefit pension plan unfunded pension liability. This restatement increased the previously reported 2014 change in net position of the hospital by \$276,614 as a result of recognizing pension expense on an actuarial basis as compared to a current funding basis. Since the information necessary to restate the 2013 financial information is not available, we want to emphasize that the presented 2013 financial information is not comparable to the presented 2015 and 2014 financial information.

Abilene Housing Inc. (Frontier Estates)

Abilene Housing Inc. (AHI) was added to Memorial Health System's family of services on June 1, 2004. Financial data of Abilene Housing Inc. are presented in "Note D" of these financial statements. The 2015 and 2014 financial statements of Abilene Housing Inc. were audited by an accounting firm different from the Health System's auditors, therefore, the Health System's auditors, Wendling Noe Nelson & Johnson LLC; do not express an opinion on the audit of Abilene Housing Inc. Reese & Novelly, P.A, performed the 2015 and 2014 audit of Abilene Housing Inc.

Financial highlights

The Health System's net position increased during 2014 by \$448,096 or 6.0% and decreased during 2015 by \$383,301 or 4.8%.

The Health System's total operating revenue increased during each of the past two years with a \$1,626,505 or 6.0% increase in operating revenue for 2014 and a \$1,956,644 or 6.9% increase in operating revenue for 2015. The increase in total operating revenue in 2014 was primarily a result of increased hospital patient services revenue from occupying Phase I of new facilities for a full year, operating the 340B drug program for a full year, and increased Medicare reimbursement from additional depreciation on new facilities in the context of Critical Access Hospital (CAH) cost based reimbursement at 99% of costs (101% per CAH rule less 2% sequestration).

MEMORIAL HEALTH SYSTEM  
MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED  
Years ended December 31, 2015 and 2014

The increase in total operating revenue in 2015 was partially a result of increased hospital patient services revenue from occupying Phase II of new facilities for a full year and the related increased Medicare reimbursement from additional depreciation on new facilities in the context of Critical Access Hospital cost based reimbursement at 99% of costs (101% per CAH rule less 2% for sequestration), and additional revenues related to the 340B drug program.

The hospital became designated as a Critical Access Hospital (CAH) effective December 16, 2005. This classification change increased the 2006 and subsequent years total operating revenue due to contractual adjustments being reduced for Medicare related patients. During 2009, Memorial Health System secured the consulting services of Stroudwater Associates who calculated the CAH annual impact on the income statement to be an increase in net patient services revenue of approximately \$950,000. Management believes that the financial impact of being a CAH facility has increased in years subsequent to 2009 and even more so due to the addition of new facilities which generates additional Medicare reimbursement.

Using these financial statements

The Health System's financial statements consist of three statements – (1) Statements of Net Position; (2) Statements of Revenues, Expenses, and Changes in Net Position, and (3) Statements of Cash Flows. These financial statements and related notes provide information about the activities of the Health System, including resources held by or for the benefit of the Health System, and resources restricted for specific purposes by contributors, grantors, and indenture agreements.

One of the most important questions asked about the Health System's finances is, "Is the Health System as a whole better or worse off as a result of the year's activities?" The Statements of Net Position and the Statements of Revenues, Expenses, and Changes in Net Position report information about the Health System's resources and its activities in a way that helps answer this question. These statements include all restricted and unrestricted assets and all liabilities using the accrual basis of accounting. For purposes of these two statements, revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Health System's net position and changes in it. The Health System's net position – the difference between assets and liabilities – may be thought of as one way to measure its financial health, or financial position. Over time, increases or decreases in the Health System's net position are one indicator of whether its financial health is improving or deteriorating. Consideration must also be given to other nonfinancial indicators, such as changes in the Health System's patient base and measures of the quality of service it provides to the community, as well as local economic factors, to assess the overall health of the Health System.

MEMORIAL HEALTH SYSTEM  
MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED  
Years ended December 31, 2015 and 2014

The final required statement is the Statements of Cash Flows. This statement reports cash receipts, cash payments, and net changes in cash resulting from operations, investing, and financing activities. It provides answers to such questions as "Where did cash come from?", "What was cash used for?", and "What was the change in cash balances during the reporting period?"

Assets, liabilities, and net position

The Health System's statements of net position as of the end of each of the last three years are summarized as follows:

Years ended December 31, 2015 and 2014

Cash and invested cash in the current asset category increased by \$307,612 in 2014 and decreased by \$620,881 during 2015. Although the cash balance is small for an organization with approximately \$42,000,000 in assets, significant additional cash is available in other investments and is held in money market accounts, certificates of deposit, and marketable securities and is readily available for day-to-day operating cash flow needs.

Assets whose use is limited by board and other investments increased by \$1,385,490 in 2014 and increased by \$763,793 in 2015. The increase of other investments in 2014 was a result of profitable operations in 2014 which included depreciation expenses as well as non-operating revenues in 2014. Since operations were profitable including depreciation, the depreciation became a source of increasing the cash and investment position. The increase of other investments in 2015 was a result of depreciation being greater than the operating loss.

In aggregate, the Health System's unrestricted cash, restricted cash, and investments total \$7,670,759 and \$7,813,671 as of December 31, 2014 and 2015, respectively. This represents 105 and 98 days, respectively, of average cash expenses during each of the years then ended.

98 d v  
105 d

The Health System's net patient accounts receivable were 55.2% of current assets as of December 31, 2015, 54.4% of current assets as of December 31, 2014, and 53.3% of current assets as of December 31, 2013. The average number of days in accounts receivable of net patient revenue was 45 days, 55 days, and 54 days as of December 31, 2015, 2014, and 2013, respectively.

At the end of 2014, the Health System had \$28,440,366 invested in capital assets, net of accumulated depreciation. Net capital assets increased in 2014 by \$2,746,163. At the end of 2015, the Health System had \$26,378,572 invested in capital assets, net of accumulated depreciation. Net capital assets decreased in 2015 by \$2,061,794. The total cost of the construction project including monies spent on design and development was over \$24,000,000 over a three year period. The Health System took possession of Phase I of the construction project and moved into Phase I during May of 2013. The Health System moved into Phase II departments over a number of months in 2014. Substantially all or almost all of the departments affected by Phase II were completed by the end of 2014. Phase I was composed primarily of constructing approximately 46,000 square feet of new construction that is attached to the existing hospital. Phase II is primarily composed of renovating space that was vacated during the move into Phase I facilities. Both Phase I and II included infrastructure improvements like replacing existing heating and air conditioning equipment, boilers, and a new generator that will increase the usefulness of the existing building. Bonds were issued in 2011 in the amount of \$13,760,000 with an additional \$10,000,000 issued in 2012 for this construction project. Covenants for these bond issues require a 1.25 debt service coverage ratio beginning in 2014. The Health System achieved a 2.11 debt service coverage ratio for 2014 and 1.66 for 2015.

MEMORIAL HEALTH SYSTEM  
MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED  
Years ended December 31, 2015 and 2014

The construction project is the largest undertaking by the Health System to date. It is the opinion of management that this addition of facilities, renovation of existing facilities, and replacement of key infrastructure items will have a positive impact on providing healthcare services in the near and long term future of the Health System. It is also the opinion of management that accessing capital and using existing cash to accomplish this largest construction project in the history of the Health System reflects well on the financial health of the organization. The completion of this project has reduced the average age of facilities of the Health System over the past two years from 13.6 years at December 31, 2012 to 5.7 years at December 31, 2015 and thus reflecting newer facilities.

The Health System's net position increased during 2014 by \$448,096 or 6.0% and decreased during 2015 by \$383,301 or 4.8%. The percentage of total assets financed with net position, or equity, was 18.1%, 18.0%, and 17.0% as of December 31, 2015, 2014, and 2013 respectively.

Operating results and changes in net position

The Health System's operating results and changes in net position for each of the last three years are summarized as follows:

	<u>2015</u>	<u>2014</u>	<u>2013</u>
Operating revenues	\$ 30,484,578	\$ 28,527,934	\$ 26,901,429
Actuarial adjustment to pension expense	(560,469)	(276,614)	Not Available
Operating expenses (net of actuarial adjustment to pension expense for 2015 & 2014)	<u>31,066,734</u>	<u>28,285,022</u>	<u>26,377,615</u>
Operating income (loss)	(21,687)	519,526	523,814
Interest expense	(931,317)	(802,738)	(585,478)
Nonoperating revenues	538,503	690,772	582,735
Capital grants and contributions	<u>31,200</u>	<u>40,536</u>	<u>17,319</u>
Change in net position	<u>\$ (383,301)</u>	<u>\$ 448,096</u>	<u>\$ 538,390</u>

-4.8%

The first, and most significant, component of the overall change in the Health System's net position is its operating income (loss) – generally, the difference between net patient service revenue and the expenses incurred to perform these services. The hospital became designated a Critical Access Hospital (CAH) effective December 16, 2005. This classification change increased the total operating revenue due to contractual adjustments being reduced for Medicare related patients. The financial impact of being designated a CAH was a positive annual amount of approximately \$950,000 as calculated by Stroudwater Associates, a consultant hired by the Health System in 2009. Management believes that the impact of being a CAH facility has increased from 2009.

Outpatient services	<u>31,145,655</u>	<u>28,405,491</u>	<u>25,890,186</u>
Gross patient service revenue	45,346,607	44,201,536	41,027,524
Contractual adjustments	16,636,475	16,301,964	14,585,524
Provision for bad debts	1,201,000	1,102,368	716,988
Charity Care	<u>335,739</u>	<u>394,678</u>	<u>210,961</u>
Net patient service revenue	<u>\$ 27,173,393</u>	<u>\$ 26,402,526</u>	<u>\$ 25,514,051</u>

Beginning in 2008 and forward thru 2015, the Health System experienced outpatient charges being more than 50% of total patient charges. For 2013, the outpatient charges represented 63.1% of total patient service charges, 64.3% for 2014, and 68.7% for 2015. In past years, the Health System grew its inpatient services due primarily to the purchase of a long term care facility on February 1, 2003 and the resulting growth of long term care services. However, beginning with 2008, the trend toward outpatient services was more pronounced and increased at a higher rate than in the past for the Health System. This is consistent with what is happening in the health care industry. The purchase of a physicians' clinic effective November 1, 2010 increased the outpatient care percentage as the clinic was operated for the full 2011 year. The purchase of the second physicians' clinic effective January 1, 2012 further increased the outpatient care percentage of total services.

Effective January 1, 2013, the hospital increased its most prevalent acute care room rate by 5.5%. Effective January 1, 2014, the hospital increased its most prevalent acute care room rate by 7.3%. Effective January 1, 2015, the hospital increased its most prevalent acute care room rate by 6.8%.

The Health System has agreements with various third-party payors that provide for payments to the Health System at amounts different from its established charge rates. These differences are referred to as contractual adjustments. Contractual adjustments continue to be a significant portion of the reduction in gross patient services revenue and have represented 36.7% for 2015, 36.9% for 2014, and 35.6% of charges for 2013. The slight decrease from 2013 to 2014 as well as from 2014 to 2015 was due to the construction project and resulting increase in Medicare reimbursement due to the increased depreciation and interest costs incurred.

MEMORIAL HEALTH SYSTEM  
MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED  
Years ended December 31, 2015 and 2014

The Health System provides care free of charge or at amounts less than its established rates to patients who meet certain criteria under its charity care policy. Charity care write-offs totaled \$210,961 for 2013, \$394,678 for 2014 and \$335,739 for 2015. There is a growing trend in the health care industry to identify and report the value of charity care provided to patients.

Recent enactment of IRS regulation referred to as 501(r) in the past two years has increased the importance of tracking charity care for those patients who are in need of health care services but are unable to pay for those services. The provision for bad debts represented 2.65%, 2.49%, and 1.75%, of gross patient service revenue during 2015, 2014, and 2013, respectively. The combined provision for bad debt and charity care write-offs was 3.4%, 3.4%, and 2.3% of gross patient service revenue for 2015, 2014, and 2013, respectively.

Employee salaries and wages increased by \$76,752 or .6% during 2014 and \$553,946 or 4.1% during 2015. The health system implemented pay raises commensurate with market conditions for 2014 and 2015. Supplies and other expenses increased during 2014 by \$1,337,957 or 12.3% and during 2015 by \$1,964,312 or 16.1%. The larger than usual increase in supplies and other expenses during 2014 and 2015 was primarily due to operating the 340B drug program for a full year. Purchase of drugs and administrative fees under the 340B drug program amounted to \$682,033 for an increase of expenses by \$665,977 in 2014, and amounted to \$1,985,794 for an increase of \$1,303,761 in 2015.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

The Board of Directors  
Memorial Hospital of Hospital District #1  
of Dickinson County, Kansas

We have audited the accompanying financial statements of the business-type activity of Memorial Hospital of Hospital District #1 of Dickinson County, Kansas (the Hospital), as of and for the years ended December 31, 2015 and 2014, which collectively comprise the Hospital's financial statements as listed in the table of contents, and the related notes to the financial statements.

*Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

*Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the Kansas Municipal Audit Guide. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to previously present fairly, in all material respects, the financial position of the business-type activity of Memorial Hospital of Hospital District #1 of Dickinson County, Kansas, as of December 31, 2015 and 2014, and the changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

*Unqualified  
opinion*

**Emphasis of Matter**

As discussed in Note A20 to the financial statements, in 2015 the Hospital adopted Governmental Accounting Standards Board (GASB) Statement No. 68, "Accounting and Financial Reporting for Pensions." Our opinion is not modified with respect to this matter.

**Other Matters**

**Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1 through 7 be presented to supplement the financial statements. These standards also require a schedule of the Hospital's proportionate share of net pension liability and schedule of Hospital contributions to the defined benefit pension plan on pages 36 and 37. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audits of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

MEMORIAL HOSPITAL OF HOSPITAL DISTRICT #1 OF DICKINSON COUNTY, KANSAS

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

NOTE A - SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

1. Financial reporting entity

Memorial Hospital of Hospital District #1 of Dickinson County, Kansas (Hospital), is a municipal corporation operating an acute-care hospital located in Abilene, Kansas, with a licensed bed capacity of 25 acute care beds and 10 psychiatric beds and a long-term care facility with a licensed bed capacity of 81 beds. The Hospital also operates a physician clinic located in Abilene, Kansas. The Hospital is governed by an elected five-member Board of Directors.

2. Component unit

Abilene Housing, Inc. (AHI), was formed and organized as a Kansas not-for-profit corporation. AHI provides housing for elderly and handicapped persons in a 60-unit apartment project located in Abilene, Kansas, and provides services specifically designed to meet the physical, social, and psychological needs of those individuals. Effective June 1, 2004, membership of AHI's Board consists of one member of the Board of Directors of the Hospital, the Chief Executive Officer of the Hospital, and the Chief Financial Officer, Chief Operating Officer, or Chief Nursing Officer of the Hospital.

The Hospital is financially accountable for AHI since the Hospital appoints a majority of AHI's Board and the Hospital employs an individual responsible for AHI's day to day operations. The Hospital does not have access to AHI's resources and is not legally obligated for AHI's long-term debt.

Condensed financial statements of AHI are presented in Note D. Separate financial statements are not available for public distribution.

3. Basis of accounting

The Hospital utilizes the proprietary fund method of accounting whereby revenues and expenses are recognized on the accrual basis. Substantially all revenues and expenses are subject to accrual.

4. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

MEMORIAL HOSPITAL OF HOSPITAL DISTRICT #1 OF DICKINSON COUNTY, KANSAS

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2015 and 2014

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

5. Cash equivalents

All cash and invested cash, excluding assets whose use is limited and investments, are considered to be cash equivalents.

6. Patient accounts receivable

The Hospital reports patient accounts receivable for services rendered at net realizable amounts from third-party payors, patients, and others. The Hospital provides an allowance for doubtful accounts based upon a review of outstanding receivables, historical collection information, and existing economic conditions.

7. Inventories

Inventories are stated at cost as determined on the first-in, first-out method.

8. Investments in debt and equity securities

Investments in debt and equity securities are carried at fair value. Interest, dividends, and gains and losses, both realized and unrealized, on investments in debt and equity securities are included in nonoperating investment income.

9. Capital assets

Capital assets are stated at cost. Depreciation and amortization of capital assets is provided on the straight-line method over the estimated useful lives of the assets. The estimated lives used are generally in accordance with the guidelines established by the American Hospital Association.

The costs of maintenance and repairs are charged to operating expenses as incurred. The costs of significant additions, renewals, and betterments to depreciable properties are capitalized and depreciated over the remaining or extended estimated useful lives of the item or the properties. Gains and losses on disposition of capital assets are included in nonoperating revenues and expenses.

10. Costs of borrowing

Interest costs incurred on borrowed funds during the period of construction of capital assets are capitalized as a component of the cost of acquiring those assets. Costs incurred in connection with the issuance of long-term debt are expensed in the period incurred.

11. Accrued health insurance claims

The Hospital is partially self-insured for health insurance claims of its employees (Note S). Management estimates a liability for reported and unreported claims incurred as of the end of each reporting period. The estimate is based on known claims and historical claims experience.

MEMORIAL HOSPITAL OF HOSPITAL DISTRICT #1 OF DICKINSON COUNTY, KANSAS

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2015 and 2014

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

Although management believes the estimate for accrued health insurance claims is reasonable, it is possible that actual incurred claims expense may vary significantly from the estimate included in the accompanying financial statements.

12. Pension plan

The Hospital participates in the Kansas Public Employees Retirement System Plan (KPERs), a cost sharing multiple employer defined benefit pension plan. The Hospital uses information provided by KPERs to measure the net pension liability, deferred outflows of resources, and deferred inflows of resources of the KPERs pension plan.

Deferred outflows of resources represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. Deferred inflows of resources represent an acquisition of net position that applies to a future period and so will not be recognized as revenue until then.

13. Net position

Net position is classified in three components. "Net investment in capital assets" consists of capital assets net of accumulated depreciation and reduced by the balances of any outstanding borrowings used to finance the purchase or construction of those assets. "Restricted net position" is the noncapital net position that must be used for a particular purpose, as specified by creditors, grantors, or contributors external to the Hospital including amounts deposited with trustees as required by indenture agreements. "Unrestricted net position" is the remaining net position that does not meet the definition of "net investment in capital assets" or "restricted."

14. Operating revenues and expenses

The statement of revenues, expenses, and changes in net position distinguishes between operating and nonoperating revenues and expenses. Operating revenues result from exchange transactions associated with providing health care services, which is the Hospital's principal activity. Nonexchange revenues, including taxes, grants, and contributions received for purposes other than capital asset acquisition, are reported as nonoperating revenues. Operating expenses are all expenses incurred to provide health care services, other than financing costs.

15. Net patient service revenue

Net patient service revenue is reported at established charges with deductions for discounts, charity care, the provision for bad debts, and contractual adjustments, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

MEMORIAL HOSPITAL OF HOSPITAL DISTRICT #1 OF DICKINSON COUNTY, KANSAS

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2015 and 2014

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

16. Charity care

The Hospital provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Hospital does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue.

17. Ad valorem taxes

The Hospital receives financial support from ad valorem taxes. Ad valorem taxes are assessed in November of each year and are available for use by the Hospital in the following year.

18. Income taxes

The Hospital is exempt from federal income taxes pursuant to Sections 115 and 501(a) of the Internal Revenue Code.

19. Subsequent events

The Hospital has evaluated subsequent events through the date of the independent certified public accountants' report, which is the date the financial statements were available to be issued.

20. Adoption of accounting pronouncement

In 2015, the Hospital adopted Governmental Accounting Standards Board (GASB) Statement No. 68, "Accounting and Financial Reporting for Pensions," which revised accounting and reporting standards related to pension plans and multi-employer pension plans. Comparative financial statements of prior years have been adjusted to apply this standard retrospectively. An adjustment of \$10,869,087 applicable to 2013 and prior years has been included in the restated 2014 beginning net position balance of the Hospital to recognize the Hospital's proportionate share of the defined benefit pension plan unfunded pension liability. This restatement increased the previously reported change in net position of the Hospital by \$276,614 as a result of recognizing pension expense on an actuarial basis as compared to a current funding basis.

NOTE B - REIMBURSEMENT PROGRAMS

The Hospital has agreements with third-party payors that provide for payments to the Hospital at amounts different from its established charge rates. The amounts reported on the statements of net position as estimated third-party payor settlements consist of the estimated differences between the contractual amounts for providing covered services and the interim payments received for those services. A summary of the payment arrangements with major third-party payors follows:

Medicare - The Hospital is a critical access hospital for purposes of the Medicare program. Inpatient and outpatient acute care services, skilled nursing swing-bed services, and rural health clinic (RHC) services rendered to Medicare beneficiaries are paid under cost reimbursement methodologies.

MEMORIAL HOSPITAL OF HOSPITAL DISTRICT #1 OF DICKINSON COUNTY, KANSAS  
 NOTES TO FINANCIAL STATEMENTS - CONTINUED  
 December 31, 2015 and 2014

NOTE B - REIMBURSEMENT PROGRAMS - Continued

Geriatric psychology services and skilled nursing services, provided at the Hospital's long-term care facility, are paid based on prospectively determined per diem rates. Physician services, other than RHC services, rendered to Medicare beneficiaries are paid based on a prospectively determined fee schedule.

The Hospital is paid for cost reimbursable items at tentative rates with final settlement determined after submission of annual cost reports by the Hospital and audits or reviews thereof by the Medicare administrative contractor. The Hospital's classification of patients under the Medicare program and the appropriateness of their admission are subject to an independent review by a peer review organization. The Hospital's Medicare cost reports have been audited or reviewed by the Medicare administrative contractor through December 31, 2013.

Medicaid - Hospital and RHC services rendered to all Medicaid program beneficiaries are paid at prospectively determined rates. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors.

Nursing facility services are paid at prospectively determined per diem rates set annually on the basis of cost information from preceding calendar years.

Blue Cross and Blue Shield - All services rendered to patients who are insured by Blue Cross and Blue Shield are paid on the basis of prospectively determined rates per discharge or discounts from established charges.

The Hospital has also entered into payment agreements with certain commercial insurance carriers and preferred provider organizations. The basis for payment to the Hospital under these agreements includes prospectively determined rates per discharge, discounts from established charges, and prospectively determined daily rates.

A summary of gross and net patient service revenue follows:

	<u>2015</u>	<u>2014</u>
Gross patient service revenue	\$45,346,607	\$44,201,536
Adjustments to patient service revenue		
Third-party contractual adjustments, discounts, and allowances	(16,636,475)	(16,301,964)

NOTE B - REIMBURSEMENT PROGRAMS - Continued

Revenue from the Medicare and Medicaid programs accounted for approximately 50 percent and 12 percent, respectively, of the Hospital's net patient service revenue during 2015, and 46 percent and 14 percent, respectively, of the Hospital's net patient service revenue during 2014. Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates could change by a material amount in the near term.

NOTE C - ELECTRONIC HEALTH RECORD INCENTIVE PAYMENTS

The American Recovery and Reinvestment Act of 2009 (ARRA) provides for incentive payments under the Medicare and Medicaid programs for certain hospitals and physician practices that demonstrate meaningful use of certified electronic health record (EHR) technology. These provisions of ARRA are intended to promote the adoption and meaningful use of interoperable health information technology and qualified EHR technology.

The Hospital recognizes revenue for EHR incentive payments when the hospital facility and physician practices have attested that they have demonstrated meaningful use of certified EHR technology for the applicable period and complied with the reporting conditions to receive the payments. The demonstration of meaningful use is based upon meeting a series of objectives and varies between hospital facilities and physician practices and between the Medicare and Medicaid programs. Additionally, meeting the objectives in order to demonstrate meaningful use becomes progressively more stringent as its implementation is phased in through stages as outlined by Centers for Medicare & Medicaid Services. The Hospital recognized \$193,058 and \$322,958 of revenue for EHR incentive payments during the years ended December 31, 2015 and 2014, respectively. These amounts are included in other operating revenues.

The Hospital incurs both capital expenditures and operating expenses in connection with the implementation of its EHR incentives. The amounts and timing of these expenditures do not directly correlate with the timing of the Hospital's recognition of EHR payments as revenue.

NOTE E - ASSETS WHOSE USE IS LIMITED BY INDENTURE AGREEMENT

Assets whose use is limited by indenture agreement consist of money market mutual funds that are held by a trustee under bond indenture agreements. Amounts that are required for obligations classified as current liabilities are reported in current assets.

NOTE F - ASSETS WHOSE USE IS LIMITED BY CONTRIBUTORS

Assets whose use is limited by contributors consist of cash received from contributors that is restricted for the acquisition of capital assets and for funding specific operating activities.

NOTE G - INVESTMENTS

Investments are summarized as follows:

	<u>2015</u>	<u>2014</u>
Invested cash consisting of bank certificates of deposit, bank savings accounts, and money market mutual fund	\$6,093,968	\$5,108,956

Abilene Community Foundation Endowment fund	8,208	8,466
	<u>\$7,451,966</u>	<u>\$6,688,173</u>

The Hospital received contributions from an outside trust consisting of common stock and corporate bonds. The outside trustee stipulated that the Hospital board administer the resources created by the contributions separate from public monies held by the Hospital and that the assets be invested with the goal of maximizing the benefit to the Hospital by retaining the securities in their existing form through their maturities and placing the assets in similar high-grade securities in the future. Restrictions on the use of the contributions have been met and the investments are now unrestricted as to their use by the Hospital.

The Hospital has a 20-percent ownership interest in Mobile Clinical Services, Inc., (MCSI). The Hospital's equity in undistributed net earnings of MCSI since acquisition is \$142,567. Nuclear medicine and ultrasound services are provided to the Hospital through arrangements with MCSI. Total fees charged to operating expense for these services were approximately \$55,000 in 2015 and \$47,000 in 2014. Amounts payable to MCSI for these services were insignificant at December 31, 2015 and 2014.

NOTE J - LONG-TERM DEBT - Continued

The following is a summary of changes in long-term debt:

Outstanding at January 1, 2014	\$ 23,050,000
Principal payments	<u>(720,000)</u>
Outstanding at December 31, 2014	22,330,000
Principal payments	<u>(730,000)</u>
Outstanding at December 31, 2015	<u>\$ 21,600,000</u>

On December 1, 2011, the Abilene, Kansas Public Building Commission issued \$7,760,000 in Revenue Bonds, Series 2011 (the 2011 PBC bonds) and on January 5, 2012, issued \$10,000,000 in Revenue Bonds, Series 2012 (the 2012 PBC bonds), for the benefit of the Hospital pursuant to a Trust Indenture dated December 1, 2011. On December 1, 2011, the Hospital issued its Lease Agreement Certificates of Participation, Series 2011 (the Certificates), pursuant to a Trust Indenture dated December 1, 2011. The Certificates represent proportionate interests of the owners thereof in basic rent payments to be made by the Hospital. The proceeds of the 2011 PBC bonds, the 2012 PBC bonds, and the Certificates (collectively the project debt) will be used, together with other available funds of the Hospital, to (1) pay for renovations and additions to the Hospital's facilities, (2) purchase certain medical equipment, (3) fund a debt service reserve fund for the project debt, (4) pay interest costs during the period of construction, and (5) pay for certain costs related to issuance of the project debt.

The indenture agreement requires the Hospital to transfer to a trustee, on a monthly basis, specified amounts which, when combined with interest earned on the respective funds held by the trustee, will provide sufficient funds to pay the principal and interest on the appropriate due dates. Such transfers were made and are included in assets whose use is limited. The obligations of the Hospital under the indenture agreement are secured by a pledge of its unrestricted revenues, subject to the right of the Hospital to dispose of or encumber property as defined and permitted in the indenture agreement. The indenture agreement also includes certain restrictive covenants relating to the disposition of property, adequacy of insurance coverage, incurrence of additional indebtedness, the level of days cash on hand, and the level of fees and rates charged. The covenant in the indenture agreement regarding the level of fees and rates charged requires that fees and rates for services be set at levels sufficient for the Hospital to produce income available for debt service in each fiscal year equal to 125 percent of the debt service requirements during that fiscal year for outstanding debt.

NOTE K - LEASES

The Hospital leases property and equipment under operating lease arrangements. Total lease expense under all operating leases was approximately \$33,000 for 2015 and \$37,000 for 2014.

NOTE L - RISK MANAGEMENT

The Hospital is insured for professional liability under a comprehensive hospital liability policy provided by an independent insurance carrier with limits of \$200,000 per occurrence up to an annual aggregate of \$600,000 for all claims made during the policy year. The Hospital is further covered by the Kansas Health Care Stabilization Fund for claims in excess of its comprehensive hospital liability policy up to \$300,000 pursuant to any one judgment or settlement against the Hospital for any one party, subject to an aggregate limitation for all judgments or settlements arising from all claims made in the policy year in the amount of \$900,000. All coverage is on a claims-made basis. The above policies have been renewed through January 1, 2017. The Hospital intends to renew this coverage on that date and is aware of no reason why such coverage would be denied at that time.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2015 and 2014

NOTE L - RISK MANAGEMENT - Continued

The Hospital has entered into a self-insured trust agreement with the Kansas Hospital Association, along with other qualified hospitals in the State of Kansas. The purpose of this trust is to purchase workers' compensation insurance for employees. To the extent the trust would have been unable to meet its claims liabilities, members have, jointly and severally, agreed to pay for all claims. Management has assessed the financial condition of the trust and believes that the trust is sufficiently funded to meet its liabilities as they come due as of December 31, 2015. Management is not aware of any intention by the trust to implement an assessment in the future for past funding shortages.

In addition to the risk disclosed elsewhere in these financial statements and notes thereto, the Hospital is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Hospital purchases commercial insurance for these risks. Settled claims have not exceeded this commercial coverage in any of the past three years.

NOTE M - DEPOSITS WITH FINANCIAL INSTITUTIONS

Kansas statutes authorize the Hospital, with certain restrictions, to deposit or invest in open accounts, time deposits, certificates of deposit, repurchase agreements, the State Treasurer's municipal investment pool, and U.S. Treasury bills and notes. Also, statutes generally require that financial institutions pledge securities with a market value equal to total deposits, except for monies acquired through the receipt of grants, donations, bequests, and gifts, in excess of F.D.I.C. coverage at any given time and the securities pledged be deposited with a Kansas state or national bank or trust company, the Federal Reserve Bank, the Federal Home Loan Bank, or the Kansas State Treasurer.

The carrying amount of the Hospital's deposits with financial institutions was \$4,960,277 and the bank balances were \$5,221,737 at December 31, 2015. The bank balances are categorized as follows at December 31, 2015:

Amount insured by the F.D.I.C., or collateralized with securities held by the Hospital or by its agent in the Hospital's name	\$ 811,048
Uncollateralized (amount collateralized with securities held in safekeeping by an authorized depository other than the pledging financial institution's trust department, but not in the Hospital's name)	<u>4,410,689</u>
	<u>\$ 5,221,737</u>

NOTE N - CONCENTRATION OF CREDIT RISK

The Hospital grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payor agreements. The mix of receivables from patients and third-party payors is as follows:

	<u>2015</u>	<u>2014</u>
Medicare	38%	34%
Medicaid	8	10
Blue Cross	11	9
Other third-party payors	13	15
Patients	<u>30</u>	<u>32</u>
	<u>100%</u>	<u>100%</u>

NOTE O - BUDGETARY COMPARISON

Kansas statutes require that a fixed annual operating budget be legally adopted for the Hospital. All legal annual operating budgets are prepared using the modified accrual basis of accounting, modified further by the encumbrance method of accounting. Revenues are recognized when cash is received. Expenditures include disbursements, accounts payable, and encumbrances. Encumbrances are commitments by the Hospital for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. All unencumbered appropriations lapse at year-end. Actual expenditures for the year ended December 31, 2015, on the modified accrual basis of accounting and encumbrances were \$29,544,371 as compared to the legally adopted budgeted expenditures of \$32,026,866. Actual expenditures for the year ended December 31, 2014, on the modified accrual basis of accounting and encumbrances were \$31,928,518 as compared to the legally adopted budgeted expenditures of \$34,793,869.

NOTE P - DEFINED BENEFIT PENSION PLAN

*Plan description*

The Hospital participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, etc. seq. Substantially all employees of the Hospital are eligible to participate in KPERS. KPERS provides retirement benefits, life insurance, disability income benefits, and death benefits. Kansas law establishes and amends benefit provisions. Substantially all public employees in Kansas are covered by KPERS. Participation by local political subdivisions and entities is optional, but irrevocable once elected. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to KPERS (611 South Kansas Avenue, Suite 100, Topeka, Kansas 66603-3869) or by calling 1-888-275-5737.

NOTE P - DEFINED BENEFIT PENSION PLAN - Continued

*Benefits*

Benefits are established by statute and may only be changed by the Kansas Legislature. Members with ten or more years of credited service, may retire as early as age 55, with an actuarially reduced monthly benefit. Normal retirement is at age 65, age 62 with ten years of credited service, or whenever a member's combined age and years of credited service equal 85 "points."

Monthly retirement benefits are based on a statutory formula that includes final average salary and years of service. When ending employment, members may withdraw their contributions from their individual accounts, including interest. Members who withdraw their accumulated contributions lose all rights and privileges of membership. For all pension coverage groups, the accumulated contributions and interest are deposited into and disbursed from the membership accumulated reserve fund as established by K.S.A. 74-4922.

Members choose one of seven payment options for their monthly retirement benefits. At retirement a member may receive a lump-sum payment of up to 50 percent of the actuarial present value of the member's lifetime benefit. His or her monthly retirement benefit is then permanently reduced based on the amount of the lump sum. Benefit increases, including ad hoc post-retirement benefit increases, must be passed into law by the Kansas Legislature. Benefit increases are under the authority of the Legislature and the Governor of the State of Kansas. For all pension coverage groups, the retirement benefits are disbursed from the retirement benefit payment reserve fund as established by K.S.A. 74-4922.

*Contributions*

Member contributions are established by state law, and are paid by the employee according to the provisions of Section 414(h) of the Internal Revenue Code. State law provides that the employer contribution rates be determined based on the results of an annual actuarial valuation for each of the three state-wide pension groups. The contributions and assets of all groups are deposited in the Kansas Public Employees Retirement Fund established by K.S.A. 74-4921. All of the retirement systems are funded on an actuarial reserve basis.

Effective July 1, 2009 KPERS has two benefit structures and funding depends on whether the employee is a Tier 1 or Tier 2 member. Tier 1 members are active and contributing members hired before July 1, 2009. Tier 2 members were first employed in a covered position on or after July 1, 2009. Kansas law establishes the KPERS member-employee contribution rate of 5 percent of covered salary of Tier 1 members and at 6 percent of covered salary for Tier 2 members. Beginning January 1, 2015, the KPERS Tier 1 member-employee contribution rate was 6 percent of covered salary. The employer rates established by statute at December 31, 2015 and 2014, are 9.48 percent and 8.84 percent, respectively. The Hospital employer contributions to KPERS for the years ended December 31, 2015 and 2014, were \$1,206,309 and \$1,093,799, respectively, equal to the statutory required contributions for each year.

NOTE P - DEFINED BENEFIT PENSION PLAN - Continued

*Employer and nonemployer allocations*

Although KPERS administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarial determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense are determined separately for each of the following groups of the plan:

- State/School
- Local
- Police and Firemen
- Judges

To facilitate the separate (sub) actuarial valuations, the System maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The Hospital is included in the local group. The allocation percentages presented for each group in the schedule of employer and nonemployer allocations are applied to amounts presented in the schedules of pension amounts by employer and nonemployer. The allocation percentages for the Hospital's share of the collective pension amounts as of December 31, 2015 and 2014, are based on the ratio of each employer's contributions to total employer and nonemployer contributions of the group for the years ended June 30, 2015 and 2014, respectively. The contributions used exclude contributions made for prior service, excess benefits, and irregular payments. As of December 31, 2015, the Hospital's proportion was 0.751 percent which was a decrease of .010 from its share at December 31, 2014.

*Net pension liability*

At December 31, 2015 and 2014, the Hospital reported a liability of \$9,857,928 and \$9,366,352, respectively, for its proportionate share of the net pension liability.

*Actuarial assumptions*

The total pension liability was determined by actuarial valuations as of December 31, 2014 and 2013, which were then rolled forward to June 30, 2015 and 2014, using the following actuarial assumptions, applied to all periods included in the measurement:

<u>Actuarial assumptions</u>	<u>2014</u>	<u>2013</u>
Price inflation	3.00%	3.00%
Wage inflation	4.00%	4.00%
Salary increases, including wage increases	4.00% - 16.00%	4.00% - 12.50%
Long-term rate of return net of investment expense and including price inflation	8.00%	8.00%

Mortality rates were based on the RP-2000 Combined Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements on Scale AA.

NOTE P - DEFINED BENEFIT PENSION PLAN - Continued

The actuarial assumptions used in the December 31, 2014 valuation were based on the results of an actuarial experience study conducted for the three year period ending December 31, 2012. The actuarial assumptions used in the December 31, 2013 valuation were based on the results of an actuarial experience study conducted for the three year period ending December 31, 2009.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocations as of June 30, 2015, are summarized in the following table:

<u>Asset class</u>	<u>Long-term target allocation</u>	<u>Long-term expected real rate of return</u>
Global equity	47.00 %	6.30 %
Fixed income	13.00	0.80
Yield driven	8.00	4.20
Real return	11.00	1.70
Real estate	11.00	5.40
Alternatives	8.00	9.40
Short-term investments	<u>2.00</u>	(0.50)
Total	<u>100.00 %</u>	

*Discount rate*

The discount rate used to measure the total pension liability was 8.00 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the contractually required rate. The State, School, and Local employers do not necessarily contribute the full actuarial determined rate. Based on legislation passed in 1993, the employer contribution rates certified by the System's Board of Trustees for these groups may not increase by more than the statutory cap. The expected KPERS employer statutory contribution was modeled for future years, assuming all actuarial assumptions are met in future years. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE P - DEFINED BENEFIT PENSION PLAN - Continued

*Sensitivity of the net pension liability to changes in the discount rate*

The following table presents the net pension liability of the pension plan as of June 30, 2015, calculated using the discount rate of 8.00 percent, as well as what the pension plan's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (7.00 percent) or 1-percentage-point higher (9.00 percent) than the current rate:

	1% decrease (7.00%)	Current discount rate (8.00%)	1% increase (9.00%)
Hospital's share of net pension liability	\$13,993,852	\$ 9,857,928	\$ 6,351,477

*Pension expense*

For the years ended December 31, 2015 and 2014, the Hospital recognized pension expense of \$645,840 and \$817,185, respectively, which includes the changes in the collective net pension liability, projected earnings on pension plan investments, and the amortization of deferred outflows of resources and deferred inflows of resources for the period.

NOTE Q - INSURANCE RECOVERIES

In May 2014, the Hospital's facilities, vehicles, and certain equipment sustained damage from hail storms. Insurance proceeds are reported as nonoperating revenues. Settlements of the insurance claims were made during the year ended December 31, 2014, in the amount of \$108,715.

NOTE R - FOUNDATION

Memorial Health Foundation (Foundation), is a 501(c)(3) corporation operated by a board of trustees and the Foundation was organized to provide support and financial aid and assistance to the Hospital. The Foundation was formed in August 2013 and has a nine person board of trustees with a majority of those trustees also serving on the Hospital's board. No amounts were transferred to the Foundation during the years ended December 31, 2015 and 2014.

The Foundation's total assets are approximately \$72,000 as of December 31, 2015. Prior to 2015, the Foundation did not have any assets. At December 31, 2015, the entirety of the Foundation's assets consists of a receivable from the Hospital. Management does not consider the Foundation's net position to be significant in relation to the Hospital.

NOTE S - EMPLOYEE HEALTH INSURANCE CLAIMS

On January 1, 2014, the Hospital became partially self-insured for health insurance claims of its employees. The Hospital has reinsured a portion of its risk for such claims. The reinsurance arrangement covers annual claims in excess of \$65,000 for each covered individual. Covered employees also provide part of the funds to pay claims through monthly contributions at predetermined rates. The Hospital has retained an insurance company as its agent to process and settle claims. The Hospital reimburses the agent twice a month for the amount of claims paid by the agent net of any amounts covered by reinsurance.

The following is a summary of the activity under this arrangement for the years ended December 31, 2015 and 2014:

	<u>2015</u>	<u>2014</u>
Estimated employee health insurance claims payable at beginning of period	\$ 140,000	\$ -

PROCLAMATION  
KANSAS ALL-STAR FOOTBALL SHRINE BOWL DAY

To the People of Abilene, Kansas, Greetings:

WHEREAS, The Shrine Bowl of Kansas, Inc., sponsored by the five Shrine Centers of Kansas, namely, Abdallah of Overland Park, Arab of Topeka, Isis of Salina, Midian of Wichita and Mirza of Pittsburgh, will sponsor their 43<sup>rd</sup> Annual All-Star Football Game on July 30, 2016 in Emporia, Kansas, and continue their tradition of philanthropy; and

WHEREAS, For over 90 years the Ancient Arabic Order of the Nobles of the Mystic Shrine of North America, through its network of hospitals, has treated over 865,000 children with orthopedic disabilities, and in more recent years, treated thousands of severely burned children through its Burn Institute; and

WHEREAS, the citizens of the City of Abilene may aid this worthy and impartial work and further the efforts of this great charity in their support of their philanthropic event to favor the unfortunate children, regardless of race and creed.

NOW, THEREFORE, I Dee Marshall, Mayor of Abilene, Kansas, do hereby proclaim July 30, 2016 as

**KANSAS ALL-STAR FOOTBALL SHRINE BOWL DAY**
