Learn & Grow Depot 1003 N Brady St, Abilene, KS, 67410
in the basement conference room

TO: Abilene City Commission

FROM: Austin Gilley, City Manager

STUDY ITEMS

- **Special Joint Study Session with Dickinson County Commission:** The City Commission will be meeting with the County Commission for this special study session. Facilitator John Divine will be leading the meeting, and the primary focus will be a discussion on the industrial area in the northwest part of Abilene. Staff's meeting with land owners earlier this year and through the course of projects we are seeing a need for having a better, more strategic plan for addressing the area. Given the overlapping and intermingled jurisdictions and the potential significant benefit to both the City and County, it seems appropriate to bring the commissions together to work toward a shared vision and path forward.
