

NOTICE OF STUDY SESSION

For Abilene City Commission

4 p.m. Monday, December 17, 2018

Dwight D. Eisenhower Memorial Building
 419 N. Broadway Avenue, Abilene, Kansas

TO: Abilene City Commission

FROM: Austin Gilley, City Manager

PURPOSE

The City Commission's Study Sessions are for the purpose of providing the Commission the opportunity to study items in more detail. The City Manager is responsible for the meeting and helping manage discussion.

OPEN FORUM

This is an opportunity to bring up items to be informally addressed.

STUDY ITEMS

- **Board roster update:** City Code [section 1-901\(c\)](#) calls for the appointment of all City Board and Committee members in January. To assist with this review, the City Clerk is preparing an updated roster for you at this meeting to illustrate the vacancies and those with expiring terms. This should allow you time to review and determine if you would like to make any changes.

- **End of Year Review/Project Priorities update:** I would like to review progress on priority projects and update the new Commissioner and review with everyone our priority setting process.

- **2019 budget work plan:** We are working on an outline for our 2019 budget plan, and I would like to review a preliminary draft at the study session. I intend for it to be like 2018 with a few modifications. This will be a good opportunity to suggest alternatives to our approach.

- **Mayor/Vice Mayor selection:** The next regular meeting will be the first meeting in January 2019, and City Code [section 1-104](#) calls for the selection of the Mayor and Vice Mayor. This timing will be new due to recent legislative and city policy changes, and I propose we discuss some ideas for how best to approach this decision and process.
