RE: Opiate Litigation – Negotiation Class Action

Background:

Municipalities across the country have sued manufacturers, distributors, and retailers of prescription opiate drugs seeking, among other things, reimbursement for monies spent addressing the opioid crisis. All federal actions have been centralized into one court in Ohio and are entitled, *In re: National Prescription Opiate Litigation*, MDL No. 2804 (N.D. Ohio).

The court has certified a voluntary “Negotiation Class” (“Class”). The Class is defined as all counties, parishes, and boroughs; and all incorporated places, including without limitation cities, towns, townships, villages, and municipalities. The Class includes all counties and cities, whether they have filed a lawsuit or not. The City of Abilene has received notice that it is included in the Class, along with an opportunity to exclude itself from participation in the Class. A copy of the Notice is attached to this memo.

The purpose of the Class is solely to negotiate settlements with 13 sets of defendants. A representative group of members of the Class will attempt to negotiate with the defendants. If a settlement is reached with any one or more of the defendants, it will be presented to the Class for a vote. If a particular settlement is approved by 75% of the members of the Class and the court, it will be binding on all members of the Class. Settlement proceeds will be distributed at the county level, if a settlement is reached. According to the notice, the purposes of the Class are (a) to unify cities and counties into a single negotiating entity to maximize their bargaining power and (b) to provide finality to opioids litigation for any settling defendant.

The enclosed Notice addresses numerous frequently asked questions related to the Class proceedings. The Notice also directs recipients to a website that provides some projected allocation numbers, assuming a \$1 billion global settlement approved by the Class members and the court. Those hypothetical numbers indicate that Dickinson County could receive approximately \$22,000 in total, and Abilene’s suggested portion of that recovery is approximately \$6,300. That’s not to say that a settlement will actually be reached, that the potential settlement won’t be more or less than \$1 billion, or that there aren’t other ways of dividing settlement distributions in Dickinson County, but that information gives a very rough idea of what the City of Abilene *may* be entitled to in the event of a settlement if it stays in the negotiation class.

This Class is unique in that it requires the City to opt out rather than opt in. If the City wishes to opt out, it must submit an Exclusion Request Form by no later than November 22, 2019. If the City wishes to remain a member of the Class, no action is necessary. It is not likely that there will be another opportunity to exclude the City from the Class.

Considerations related to staying in the Class, or opting out, are as follows:

1. If the City does not opt out of the Class proceedings by November 22, 2019, the City will be bound to any final settlement between the Class and any of the 13 defendants. In order for a settlement to be “final,” the settlement must be approved by 75% of the Class members and the court. Presently, there are no proposed settlements.
2. A final settlement against any one or more of the 13 defendants in the Class proceeding would bar the City from initiating or continuing any litigation against the defendants that are the subject of the negotiated settlement(s). Accordingly, by remaining in the Class, the City risks foregoing its own lawsuit against a defendant if a class settlement has been reached and approved with respect to that particular defendant.
3. Prior to a final settlement in the class proceedings, the City’s membership in the Class would not preclude the City from initiating or continuing its own lawsuit(s) against any one or more of the 13 defendants in the Class proceedings. In other words, the City does not need to opt out of the Class in order to preserve its rights to file, continue to prosecute, or settle its own lawsuits against the 13 defendants.
4. If the City files its own lawsuit against one of the Class defendants, the City may keep any settlement or judgment it obtains, so long as the settlement or judgment is obtained and collected prior to final approval of the Class settlement with respect to that defendant.
5. If the City files its own lawsuit and obtains and collects on a judgment or settlement with a defendant before the Class settlement is finalized, the City will not receive additional compensation through any later Class settlement. In other words, if the City pursues its own lawsuit and collects on an individual settlement or judgment against one of the 13 defendants, the City may not participate in any subsequent Class settlement fund as to that particular defendant. Because there are 13 separate defendants, however, the City could participate in Class settlements as to other defendants.

Conclusion/Recommendation:

Participating in the Class proceedings, and not opting out, appears to provide the City with the most flexibility. Accordingly, City staff recommend participating in the proceedings. If the City stays in the class proceedings, it may still initiate its own litigation against any or all of the 13 defendants. If the City were to initiate its own litigation against one or more of the 13 defendants, the decision to stay in the Class proceedings would only have a potential prejudicial effect on the City if the Class reaches a final settlement with one or more of the same defendants before the City obtains and collects on a judgment or settlement in the City-initiated lawsuit.

In that case, the City would be bound by the Class settlement as to the particular defendant, and the City could not continue its own lawsuit against the same defendant. While staying in the Class proceedings creates a potential risk to the City of foregoing a more favorable recovery from a defendant in a City-initiated lawsuit, it is important to remember that any settlement in the class proceedings requires 75% approval of all Class members, so it is unlikely that a settlement would be on terms that are unfavorable to the City and similarly-situated municipal entities.

**CLASS ACTION NOTICE AND FREQUENTLY ASKED
QUESTIONS (“FAQs”)**

**To: All U.S. Counties, Cities, and Local Governments as
listed at www.OpioidsNegotiationClass.info**

A court authorized this notice. This is not a solicitation from a lawyer.

- Counties and cities across the country have sued manufacturers, distributors, and retailers of prescription opiate drugs seeking, among other things, reimbursement for monies spent addressing the opioid crisis. All federal actions have been centralized into one court in Ohio and are entitled, In re: National Prescription Opiate Litigation, MDL No. 2804 (N.D. Ohio). Additional cases are pending in state courts.
- The Court in In re: National Prescription Opiate Litigation has certified a voluntary “Negotiation Class” (“Class”). The Class is defined as: **all counties, parishes, and boroughs (collectively, “counties”); and all incorporated places, including without limitation cities, towns, townships, villages, and municipalities (collectively “cities”)**. The Class includes all counties and cities, whether they have filed a lawsuit or not. The complete current list of Class Members is available at the Class website: www.OpioidsNegotiationClass.info. This list may be updated as the Court may order.
- **NO SETTLEMENT HAS BEEN REACHED. HOWEVER, IF YOUR COUNTY OR CITY STAYS IN THE CLASS**, it will be bound if a Class settlement is approved in the future. Your county or city will likely **NOT** be provided another opportunity to be excluded from this Class action, so you should read this notice carefully and consult with your counsel regarding your county or city’s rights.
- The Court has certified two Racketeer Influenced and Corrupt Organizations Act (“RICO”) claims under Rule 23(b)(3) and two Controlled Substances Act (“CSA”) issues under Rule 23(c)(4). (see FAQ 7). The Class is certified solely to consider and vote on any future settlement offers made to the Class by one or more of 13 defendants (see FAQ 5). The purposes of the Class are (a) to unify cities and counties into a single negotiating entity to maximize their bargaining power and (b) to provide finality to opioids litigation for any settling Defendant.
- This Negotiation Class will not decide any claims or defenses in opioids litigation on the merits. It is certified as a Negotiation Class only, to facilitate Class Members’ approval or rejection of proposed settlements. There are no proposed settlements at this time, and no guarantee that there will be in the future. **However, your legal rights are affected and it is recommended that you consult with counsel regarding the choice you have to make now.**

BASIC INFORMATION

1. Why is a Negotiation Class being formed? What is its purpose?

The purpose of the Negotiation Class is to create a cohesive group of cities and counties to negotiate Classwide settlements, on a voluntary basis, with Defendants who make, distribute, or sell opioids nationwide. Class Representatives and Class Counsel will represent the Negotiation Class. Class Members will vote on any Class settlement proposal. If 75% of those Class Members who vote (as described in FAQ 18 and 19 below) support a proposed Settlement, Class Counsel will ask the Court to approve it. The ultimate purpose of the Negotiation Class is to make settlement easier to obtain.

2. Is this the first Negotiation Class Action?

Yes. This is a new use of the Class action mechanism under Federal Rule of Civil Procedure 23, reflecting the unique nature of the national opioids litigation. Unlike any mass litigation before, thousands of cities and counties nationwide are pursuing claims against major defendants. The goal is to recover money to help fight the opioids epidemic, provide prevention and treatment services going forward, and change Defendants' practices.

3. Why use a Class mechanism?

Joining all cities and counties together as a Negotiation Class gives them maximum negotiating power, makes the negotiation of comprehensive settlements a more practical process, enables Defendants to know the group with which they are negotiating, and enables Class Members to vote on resulting settlement offers.

4. Who are the Class Representatives?

The Court has authorized the following 49 counties and cities to serve as the Negotiation Class's Class Representatives: (1) County of Albany, New York; (2) City of Atlanta, Georgia; (3) Bergen County, New Jersey; (4) City of Baton Rouge/East Baton Rouge Parish, Louisiana; (5) Broward County, Florida; (6) Camden County, New Jersey; (7) Cass County, North Dakota; (8) City of Chicago, Illinois; (9) Cobb County, Georgia; (10) City of Concord, New Hampshire; (11) Cumberland County, Maine; (12) City of Delray Beach, Florida; (13) Denver, Colorado; (14) Escambia County, Florida; (15) Essex County, New Jersey; (16) County of Fannin, Georgia; (17) Franklin County, Ohio; (18) Galveston County, Texas; (19) County of Gooding, Idaho; (20) City of Grand Forks, North Dakota; (21) County of Hennepin, Minnesota; (22) City of Indianapolis, Indiana; (23) County of Jefferson, Alabama; (24) Jefferson County/City of Louisville, Kentucky; (25) Jersey City, New Jersey; (26) Kanawha County, West Virginia; (27) King County, Washington; (28) City of Lakewood, Ohio; (29) City of Los Angeles, California; (30) City of Lowell, Massachusetts; (31) City of Manchester, New Hampshire; (32) Maricopa County, Arizona; (33) Mecklenburg County, North Carolina; (34) The Metropolitan Government of Nashville and Davidson County, Tennessee; (35) Milwaukee County, Wisconsin; (36) Monterey County, California; (37) City of Norwalk, Connecticut; (38) County of Palm Beach, Florida; (39) Paterson City, New Jersey; (40) City of Phoenix, Arizona; (41) Prince George's County, Maryland; (42) Riverside County, California; (43) City of Saint Paul, Minnesota; (44) City of Roanoke, Virginia; (45) County of Rockland, New York; (46) City and County of San Francisco, California; (47) County of Smith, Texas; (48) County of Tulsa, Oklahoma; and (49) Wayne County, Michigan.

5. Who are the Defendants?

The Court has authorized the Negotiation Class to negotiate with 13 Defendants (including their affiliates): (1) Purdue, (2) Cephalon, (3) Endo, (4) Mallinckrodt, (5) Actavis, (6) Janssen, (7) McKesson, (8) Cardinal, (9) AmerisourceBergen, (10) CVS Rx Services, Inc., (11) Rite-Aid Corporation, (12) Walgreens, and (13) Wal-Mart. The Negotiation Class is authorized to negotiate settlements with any of these 13 Defendants, on any of the claims or issues identified below in FAQ 7, or other claims or issues arising out of the same factual predicate. If Class Counsel seek to negotiate for the Class with any other defendants, they can file a motion asking the Court to amend the Class certification order.

6. Has a Class settlement been reached with Defendants yet?

No. No Class settlement has been reached yet with any Defendant. But the existence of a Negotiation Class makes the possibility of Class settlement more feasible because a Defendant will know the group with which it is negotiating. There is no guarantee, however, that there will be a Class settlement and it is possible that there will be settlements that do not encompass the Class, such as settlements between one or more Class Members and one or more Defendants.

THE CLASS CLAIMS AND ISSUES

7. What claims and issues are certified for the Negotiation Class?

In this Negotiation Class, the Court certified two federal Racketeer Influenced and Corrupt Organizations Act (“RICO”) claims and two federal Controlled Substances Act (“CSA”) issues. The RICO claims and the issues related to the CSA are similar across the country and the Class. The first RICO claim alleges that five Defendants misled physicians and the public about the need for and addictiveness of prescription opioids, all in an effort to increase sales. The second RICO claim alleges that eight Defendants ignored their responsibilities to report and halt suspicious opioid sales, all in an effort to artificially sustain and increase federally-set limits (quotas) on opioid sales. The CSA issues allege that the CSA required Defendants to create systems to identify, suspend, and report unlawful opioid sales, and that Defendants failed to meet those obligations. As noted in FAQ 5, above, the Negotiation Class is authorized to negotiate Class settlements concerning these claims and issues or other claims or issues arising out of the same factual predicate. **However, this Negotiation Class does not involve claims by State governments against the Defendants and no Class settlement will release or otherwise interfere with any State government’s current or future litigation. This Negotiation Class concerns claims only of counties and cities.** You can read more about these claims and issues in the Court’s Memorandum Opinion certifying this Class, which is posted at www.OpioidsNegotiationClass.info.

8. Has the Court decided any claims or issues?

No. The Court has not decided any Classwide claims or defenses on the merits and the Court will not render any Classwide decisions on the merits of any claims asserted by the Class or individual Members of it. By establishing this Negotiation Class and issuing this notice, the Court is not suggesting the Class would win or lose this case. This Class has been certified for negotiation purposes only.

WHO IS IN THE CLASS

9. What entities are included in the Negotiation Class?

The Negotiation Class is defined as:

All counties, parishes, and boroughs (collectively, “counties”); and all incorporated places, including without limitation cities, towns, townships, villages, and municipalities (collectively “cities”).

A complete current list of Class Members is available at www.OpioidsNegotiationClass.info. The list may be updated as the Court may order.

The terms “counties” and “cities” are used only as shorthand. The Class includes political subdivisions with other names, such as parishes, villages, towns, townships, etc. The list of Class Members was devised primarily from the U.S. Census Bureau lists of governmental entities that provide services to their residents. Check the Cities and Counties lists posted on the Class website to confirm whether you are a Negotiation Class Member.

10. Are counties and cities with state court-filed actions considered part of the Negotiation Class?

Yes. Counties and cities that sue in state court are Members of this Negotiation Class, with the option to opt out. However, nothing about Membership in the Negotiation Class interferes with the rights of any federal or state court plaintiffs to proceed with their own cases for litigation, trial, or individual settlement. Only if and when a Class settlement has been reached, has been approved by 75% of the voting Class Members as described in FAQ 19, and has been approved by the Court, would Class Members lose their ability to proceed on their own, in exchange for the settlement benefits that they would receive.

11. Will the Negotiation Class end the opioid litigation that my County or City has filed?

Not now and only if a Class settlement is later reached and approved. Your county’s or city’s Membership in the Negotiation Class will not immediately affect any opioid suit it has filed, whether in federal or state court. It also will not stop your county or city from filing or pursuing a lawsuit, and it will not affect any scheduled hearings or trials in any lawsuit. However, if there is a final Class settlement, approved by the required 75% of the voting Class Members and by the Court, the final settlement will likely end all other opioids-related litigation brought by Class Members. In the meantime, you do not need to opt out of the Class to file, continue to prosecute, or settle your own case, and you may keep any settlement or judgment you obtain. If any county or city obtains a judgment or settlement with a Defendant before the Negotiation Class does, however, it will not receive additional compensation through any later Negotiation Class settlement. But by remaining in the Class, your county or city does risk foregoing its own lawsuit (although it would obtain money from a Class settlement) if a Class settlement is reached and approved.

12. How does the Negotiation Class affect other types of opioid plaintiffs that are not counties or cities?

The Negotiation Class does not directly affect the litigation or settlement of the claims of other types of plaintiffs, such as Indian Tribes, third party payors, and others, that are proceeding in federal or state courts. These plaintiffs can organize themselves as groups or propose their own Classes, for trial or settlement purposes.

THE NEGOTIATION CLASS PROCESS

13. Now that the Court has approved this process, what will happen next?

The creation of the Negotiation Class has these next steps:

- On **September 11, 2019**, Judge Polster, the federal judge overseeing all of the national opioids litigation, certified the Negotiation Class to go forward.
- On or before **September 20, 2019**, Class Action Notice will be sent via First-Class mail and posted to the Class website www.OpioidsNegotiationClass.info to all Class Members.
- Class Members have until **November 22, 2019** to decide whether to participate or to opt out of the Class. This is the “opt-out period.” All Class Members are automatically included in the Class. If a Class Member wants to participate, it does not need to do anything at this point. Only Class Members that wish to exclude themselves (“opt out”) and not participate in the Class must act: they must submit a copy of the enclosed Exclusion Request Form on or before **November 22, 2019**, using the instructions in FAQ 26.
- After the close of the opt-out period, the Court will enter an order confirming the Membership of the Class, saying who is in and who is out of the Class.
- After that, the Class will operate if, and only if, one or more of the Defendants wishes to negotiate with the Class as a whole through the Negotiation Class mechanism.
- If a proposed Class settlement is reached, the proposal will be submitted to the entire Class Membership for its approval or rejection in accordance with the voting formula (described in FAQ 18 and 19 below). If no proposed settlement is reached, the Class will not vote and will have no other role.

14. If my County or City chooses to participate in the Negotiation Class, how will it know when there is a proposed Class settlement?

All Negotiation Class Members will be given advance notice of any Class settlement offer, including details on its terms and conditions, and they will have an opportunity to vote on each settlement offer. Class Members will be able to cast their vote securely, through the Class website, which will establish a voting identity and portal for each Class Member. Only Class settlements achieving 75% approval votes, by number, by allocation, and by population, of the litigating and non-litigating Class Members that vote (as described in FAQ 19) will be submitted to the Court, which will make the final determination of whether to approve the settlement.

15. If there is a proposed Class settlement, does the Court still have to approve it?

Yes. If there is a proposed settlement that is approved by 75% of the voting Class Members, as described in FAQ 18 and 19, the Court will review and decide whether to approve it, under the Class action settlement approval process set forth in Federal Rule of Civil Procedure 23(e). Generally, the Court will assess whether any settlement is fair, reasonable, and adequate. All applications for fees and costs also require court approval under Rule 23 procedures. (See https://www.law.cornell.edu/rules/frcp/rule_23.)

16. If there is a proposed settlement and my County or City is included in the Negotiation Class, but it disapproves of the settlement terms, can my County or City object to the settlement?

Yes. As a Negotiation Class Member, you will be entitled under Rule 23(e) to object to any settlement, even if it has received approval from the Class. However, as described in FAQ 27, you

Questions? Visit www.OpioidsNegotiationClass.info

will likely not be able to exclude yourself from the Class at that time. An objection explains your concerns to the Court for its consideration but does not remove you from the Class.

17. How long will the Negotiation Class last?

The Negotiation Class will last for 5 years from the date it is certified by the Court. The Court certified the Class on September 11, 2019 and the Negotiation Class will last until September 11, 2024. After that date, the Class will not exist as an entity with which a Defendant can negotiate. However, the Negotiation Class will continue to exist with regard to: (1) any Class settlements presented to the Negotiation Class for a vote before that date, to carry out the voting and approval process; and (2) any Class settlements reached before that date, to complete settlement administration and enforcement.

VOTING

18. If there is a proposed Class settlement, how will the voting be done?

Each Class Member will vote only once on any particular Class settlement proposal. The vote will simply be yes-or-no, in favor of or against the proposed settlement. Class Members that do not vote will not be counted as either yes or no votes; as with an election for government office in the United States, the only votes that are counted are those of the voters who actually cast votes. Class Members' votes will be tabulated mechanically within each applicable voting pool, to make sure that 75% of each pool is in favor of the proposed settlement before it is presented to the Court. The voting pools are described in FAQ 19. Voting tabulation does not require any effort by the Class Members. The requirement of 75% support of voting Class Members across the different voting pools ensures that no settlement will go forward without a wide cross-section of support from cities and counties of all sizes and interests.

19. If there is a proposed Class settlement, how many votes are needed to approve it?

The agreement to be bound by a supermajority vote means that no settlement can be reached that would bind the Negotiation Class without the approval of 75% of the voting Class Members, defined in several ways. To be binding, 75% of those voting in each of the following six categories must approve a proposed settlement:

- 75% of the total number of voting Class Members that had filed suit as of June 14, 2019 (“litigating entities”). This number is based on all individual Class Members who had suits on file regardless of size, so that each voting entity has one vote;
- 75% of the total number of voting Class Members that had not filed suit as of June 14, 2019 (“non-litigating entities”). This number is based on all individual Class Members who had not filed suit, regardless of size, so that each voting entity has one vote;
- 75% of the total population of all voting Class Members that had filed suit as of June 14, 2019. For this computation, the vote of the county or city is weighted according to its population, with each person in a voting city and each person in a voting county equal to one vote. Thus, by way of example, if a county votes yes and has a population of 20,000, and a city within the county votes yes and has a population of 10,000, the county’s vote is weighted as 20,000 votes in favor, and the city’s vote is recorded as 10,000 votes in favor. The population for each County or City will be based on current census data. The current data is presented on the Class website, www.OpioidsNegotiationClass.info. Individual residents in this category may be counted twice, once as a resident of a municipality, and once as a resident of a county;

- 75% of the total population of all voting Class Members that had not filed suit as of June 14, 2019. For this computation, the vote of the county or city is weighted according to its population, with each person in a voting city and each person in a voting county equal to one vote. Thus, by way of example, if a county votes and has a population of 20,000, and a city within the county votes yes and has a population of 10,000, the county’s vote is weighted as 20,000 votes in favor, and the city’s vote is recorded as 10,000 votes in favor. Again, the population for each County or City will be based on current census data. The current data is presented on the Class website, www.OpioidsNegotiationClass.info. Individual residents in this category may be counted twice, once as a resident of a municipality, and once as a resident of a county;
- 75% of the litigating Class Members casting votes, weighted by their settlement fund allocations as shown at the Allocation Map posted at opioidsnegotiationclass.info; and
- 75% of the non-litigating Class Members casting votes, weighted by their settlement fund allocations as shown at the Allocation Map posted at opioidsnegotiationclass.info.

For purposes of counting votes, only votes cast will be considered. In order for a proposed settlement to be binding on the Negotiation Class, 75% of those Class Members who cast votes in **each** of these six categories must be in favor. No settlement will be submitted to the Court for final approval unless 75% of those voting in **each** of the six categories are in favor. No county or city that is not a Class Member as of the deadline for a vote on a proposal will be allowed to vote on that proposal.

ALLOCATION OF CLASS SETTLEMENT FUNDS

20. If there is a Class settlement, how will my County or City’s share of the settlement be determined?

Any Class settlement funds will be distributed in three steps:

Step 1: Each county’s share of the settlement will be distributed in accordance with an “allocation model.” The allocation model uses three factors, based on reliable, detailed, and objective national data, to determine the share of a settlement fund that each county will receive. These factors address the most critical causes and effects of the opioids crisis, and are each weighted equally (1/3-1/3-1/3): (1) the amount of opioids distributed within the county, (2) the number of opioid deaths that occurred in the county; and (3) the number of people who suffer opioid use disorder in the county. This model is designed not to favor either small or large counties based solely on population. Ultimately, the model allocates settlement funds in proportion to where the opioid crisis has caused actual harm.

Step 2: Counties and their constituent cities, towns, and boroughs may distribute the funds allocated to the county among all of the jurisdictions in any manner they choose. If the county and cities cannot agree on how to allocate the funds, the Class website reflects a default allocation that will apply. The default allocation formula uses historical federal data showing how the specific county and the cities within it have made opioids-related expenditures in the past. Any of the affected jurisdictions may ask a Special Master to apply a different formula.

Step 3: If the default allocation is used and a city’s share is less than \$500, then that amount will instead be distributed to the county in which the city lies to allow practical application of the abatement remedy. Affected cities could seek recovery through intra-county allocation described in Step 2, or from the Class Members’ Special Needs Fund (see FAQ 24). In the rare circumstance that a city with a share of less than \$500 lies in a county that does not have a county government, the amount would instead go to the Class Members’ Special Needs Fund, and Class members could seek recovery from that Fund.

Further information about the allocation formulas and their data sources are available at the Class website.

21. What happens if a county and its constituent cities make different decisions about staying in the Class?

- If a county and all of its constituent cities remain in the Class, each entity's share will be determined as explained in FAQ 20.
- If a county remains in the Class, but one or more cities within the County are not in the Class, there are a variety of ways that a Class settlement might address that situation, but it is possible that a Class settlement would require that the County's allocation be reduced.
- If a county is not in the Class, but cities within that county remain in the Class, there are a variety of ways a Class settlement might address that situation. One possibility is that a city would receive no direct monetary allocation because its county has opted out, but that it could seek monetary relief through the Special Needs Fund (see FAQ 24). If a settlement provides a city no possibility of monetary relief because its county has opted out, Class Counsel anticipates the city would not be required to release its claims against the settling Defendant.

22. If there is a settlement between a Defendant and a State or States, what impact will this Negotiation Class have on the division of monies between a State and the cities and counties within the State?

The Negotiation Class process does not interfere with a Defendant's ability to settle directly with one or more States. If a Defendant reaches a settlement directly with a State, nothing about this Negotiation Class process would affect the distribution of those settlement funds between the State and its own cities or counties. The Court has explicitly ordered that the Class's lawyers not involve themselves or the Class in the process of allocating monies secured by States between themselves and their counties and cities.

23. Will Negotiation Class Representatives receive anything more than other Class Members?

Negotiation Class Representatives do not receive preferential treatment under any settlement simply for serving as Class Representatives. Their allocation will be calculated in precisely the same manner as every other Class Member's. However, they can apply to the Court for reimbursement of costs and expenses incurred by reason of serving as Class Representatives. Also, courts often award a modest amount to Class Representatives, called an incentive or service award, so as to encourage Class Representatives to step forward on behalf of others. Any such awards are subject to Class notice and Court approval.

24. What is the Special Needs Fund?

Fifteen percent (15%) of any Class settlement fund will be put into the "Special Needs Fund." Any Class Member may apply for a distribution from the Special Needs Fund: (1) to recover its costs of litigating its own opioids lawsuit, if that case was filed before June 14, 2019; and/or (2) to obtain additional relief for any local impact of the opioids crisis that is not captured by the Class Member's allocation. Applications will be made to and approved by a court-appointed Special Master, on a case-by-case basis. Any unawarded amount remaining in this Special Needs Fund would revert to the Class.

YOUR RIGHTS AND OPTIONS

25. Can my county or city exclude itself from the Negotiation Class?

Yes. You have a **one-time** opportunity to exclude your county or city from the Class and you must do so before November 22, 2019. You must follow the procedure set forth in FAQ 26 below to

Questions? Visit www.OpioidsNegotiationClass.info

exclude your county or city. As explained in FAQ 27, you will likely **not** be given a second opportunity to exclude your county or city from the Class if a settlement is later reached and you should not count on such an opportunity being available at that time.

26. How does my county or city exclude itself from the Negotiation Class?

You may exclude your county or city (“opt out”) by signing and sending, either by email or by first-class U.S. mail, the enclosed Exclusion Request Form.

- If submitted by email, the form must be sent to info@OpioidsNegotiationClass.info on or before **November 22, 2019**.
- If submitted by mail, the form must be postmarked on or before **November 22, 2019** and sent by first-class U.S. mail to:

NPO Litigation
P.O. Box 6727
Portland, OR 97228-6727

The Exclusion Request Form must be signed by an **authorized** official or employee of the county or city itself, under penalty of perjury pursuant to 28 U.S.C. § 1746, and is subject to verification by the Court. If you exclude your county or city from the Negotiation Class, your county or city will not be bound by any Orders or Judgments regarding the Class, and it will have no right to share in any settlement reached by the Class.

27. If my county or city stays in the Negotiation Class, can it exclude itself later if it doesn't like a proposed settlement?

Not under the current Court Order. The Court's Order certifying the Negotiation Class provides only one opportunity for a county or city to exclude itself from the Class. The exclusion deadline ends on November 22, 2019. If a settlement is reached and proposed to the Class for its approval, Class Members who do not support the settlement may (1) vote against it and/or, (2) if the settlement is nonetheless approved by the Class votes, file objections with the Court. Rule 23 permits a court to offer a second opportunity for Class Members to opt out when a settlement is proposed, but the Rule does not require the Court to give Class Members a second opportunity to opt out. In this case, it is anticipated that the Court will not give Class Members a second opportunity to opt out. Therefore, Class Members should not rely on that possibility. Class Members should expect that there will be no opportunity to opt out of the Class after **November 22, 2019**.

THE LAWYERS REPRESENTING THE CLASS

28. Who are the Class Counsel?

The Court has authorized the following six lawyers to jointly represent the Negotiation Class: Jayne Conroy and Christopher A. Seeger are Co-Lead Negotiation Class Counsel and Gerard Stranch, Louise Renne, Mark Flessner, and Zachary Carter are Negotiation Class Counsel. Each of these six lawyers represents only cities or counties in Opioids-related litigation.

29. How do Class Counsel get paid?

Class Counsel will apply to the Court for approval of fees and costs under Rule 23(h). As a Class Member, you will receive notice and have an opportunity to object to any such application. The Court may appoint fee committees to make recommendations of any fee awards, to avoid duplication of payment, and to ensure appropriate compensation of those whose efforts provided a common benefit. The Court will make the final decision about all fees paid out of the Class's recovery to any lawyer.

30. Under this proposal, what happens to my County or City's current fee agreement with outside counsel?

The current fee agreement that a county or city has with its outside counsel remains in effect. Membership in the Negotiation Class does not change that. In the event of any settlement that achieves Class and Court approval, there would be a "Private Attorneys Fund" from which outside counsel for Class Members that had signed retainer agreements for opioid epidemic-related litigation before June 14, 2019 could apply for fees and costs in lieu of any current fee agreement. That would be a voluntary decision between the county or city and its outside counsel. A total of up to 10% (maximum) of any approved Class settlement amount will be held in the Private Attorneys Fund. Any unawarded amount remaining in this Fund would revert to the Class. The Court must approve all payments from this Fund.
